Experience history on the border!

The Border Archives Bazaar is a FREE, fun event for the community to interact with fascinating historical collections from the border region. See manuscripts, photographs, maps, publications, films and more that highlight the unique history and culture of the area. Learn about the role that archives play in preserving and promoting history. Archivists, librarians and museum curators from more than a dozen institutions will be on hand to discuss and answer questions about archives, regional history, and preserving documents. Scan stations will provide free (limited) digitization services for family photographs, documents, and audiovisual materials brought in by the public. The event also will include short talks and workshops on regional history, genealogy, preserving family archives, oral history, researching historic buildings and neighborhoods, and digitizing old media.
